CLOSER BLOCKADE AT PORT ARTHUR

Japanese Are Evidently Tightening the Lines. Movement of Japanese Forces in the Liao-Yang.

Indications point to the imminence of a forward movement of the Japanese armies against the Russians at Tie pass, Siminitin and Mukden. General Kuropatkin is fortifying Fakomen northeast of Mukden in order that it may be prepared for the contingency of the evacuation of Siminitin.

Reports of a naval encirclement of the southwestern extremity of Saghalin are not verified, on the contrary, it is believed that the Vladivostok squadron remains in the harbor.

There is no news from Port Arthur.

St. Petersburg, Sept. 27—2:05 a. m.—The war commission adjourned early last evening without issuing further news from the front.

The Mukden telegram to the Novoe Vremya reporting that the Japanese had crossed the Hun river 15 miles above the city is believed to refer to scouting parties of Japanese whose presence there was recorded in the Associated Press dispatches of September 22.

The movement of Japanese forces on the Liao river, which was reported in a dispatch from General Kuropatkin to the general staff on September 26 is all the more significant since Shanchan to Tie pass, Mukden and Siminitin. The arrangement that the Russians are fortifying Fakomen, 9 miles northeast of Mukden, shows that General Kuropatkin is preparing to check the flanking movement on Tie pass from the west in case Siminitin should have to be evacuated.

The entire absence of news from Port Arthur is regarded indirectly as evidence of increased activity. Reuter's dispatches from Chefoo state that Japanese warships have been cruising through each day.

The admiralty has not received any details of the reported sea fight off Dalny. As the antagonists are chiefly of Japanese construction, it is understood, is still in the harbor. The transmission of Army and Navy probably a Japanese attack on Liaotie numbers.

A telegram received here states Japan has requisitioned all British transports using the Japanese coast trade. The first application that troops there are being transported. There are only two army corps in the Chinchow and one of these has apparently been ordered to the far east.

Prince Arisugawa-Miya was received in audience yesterday by the emperor. The prince will assume charge of the ministry of the interior on September 29.

WILL MAKE REPARATION FOR VIOLATING COMITY OF NATIONS

Boston, Sept. 27.—A telegram from Washington bearing on the finding of Third Secretary Gurney of the British embassy in the Virgin of Las Vegas, has received at the executive department of the state house today.

Upon receipt of the dispatch by Lieut. Gov. Guild, who is acting governor in the absence of Governor Bates, he sent dispatches to Acting Governor of State Adee who signed the original from the state department and to Judge Phelps at Lee. The telegram from the state department follows:

Washington, Sept. 27.—Hon. John L. Bates, governor of Massachusetts, Boston—British embassy informs me that Mr. Gurney, third secretary there, was unjustly charged with driving automobile at excessive speed, was today arrested by a deputy sheriff, and taken over entering protest under duress of force to the court of Lee, where he spoke of his position as first secretary of British embassy at Washington, D. C. Please request justice of the peace before whom case is to be tried to allow Mr. Gurney the right of the court to consider the question fine of $25 for contempt of court and to go to prison if he fail to pay.

Russell, Asst. Secretary of State.

Secretary Adee of the United States declares that any writ or process issued out of the courts to any person in any state court or justice or justice whereby the person of any public minister of a foreign state is arrested or imprisoned shall be deemed void.

Persons and officers that may cause, assist in or prosecute such writ as aforesaid or process thereupon issued shall be deemed guilty of a misdemeanor and subject to the law of nations and subject to imprisonment and fine.

"I have to request that you take such action as may be proper in the case.

"Alvey A. Adee,
"Acting Secretary of State."

Lieut. Governor Guild, in reply to the state department, said:

"Investigation already started. Immediate action will be taken."

The telegram to Judge Phelps said:

"Secretary Bonaparte, Department of U. S. Posing special agents Lee Mass. are shadowing foreigners and some are

[illegible] ordered from the state department to Washington.

(Here follows the dispatch of Acting Secretary Adee).

Attorney General Attorney General informs me that if the facts are as stated above you have in your custody no commissioner of Massachusetts for the purpose, it is upon our understanding committed in this particular case a grave breach of international law. May I ask you to telegraph me at once if Mr. Gurney was arrested and held in spite of protest. Other channels of redress are open in case of the violation of Massachusetts laws by the diplomatic representatives of other nations. Therefore if the case supposed and collected, the commonwealth will apologize. The fine must be remitted and I desire to suggest to you as respectful request of the personal counsel that you will of course desire to make to Mr. Gurney the order is omitted satisfied by your court in this unusual case. Kindly forward me affidavits of the evidence of your officers of Massachusetts laws.

Governor Guild.

Lieut. Governor Guild said that no further action would be taken until he had heard from Judge Phelps.

The British ambassador will be kept informed of Lieut. Governor Guild's action.

As to the foreign officer, the officials report of the incident will not be sent until the state department has disposed of the matter.

JUSTICE PHELPS SAYS HE WILL APOLOGIZE

Lee, Mass., Sept. 27.—Justice Phelps today was shown the dispatches concerning the Gurney case. He said he did not wish to be "paraded up and down the street." He felt enough of that had been made already. "I think that I have made a mistake I will gladly apologize," he said. "I did only what I believed to be right.

Special: Justice Phelps was appointed about six years ago. He is a graduate of Yale. Of late years it has been the custom of state executive to appoint men but lawyers to positions on the bench.

SALVATION SANITARIUM

Important New Plan for the Colorado Colony.

DISCUSSED BY OFFICIALS

PROPOSED SANITARIUM WITH A CAPACITY FOR 1,000 MEN DESIGNED AS A REFUGE FOR SICK AND FRIENDLESS.

Kansas City, Sept. 27.—If it can be arranged about in the course of time the Salvation Army will build a workingmen's sanitarium at Amity, Colo., where the army is now realizing the fulfillment of its colonization plans. The proposed sanitarium with a capacity of 1,000 men was discussed today by Commander Booth Tucker. With him were Col. W. Scott, Col. W. C. Bood and Staff Captain N. J. Lewis, secretary.

Said the commander:

"I shall go tomorrow to Amity, Colo., where I hope one of these days to see the army establish a workingmen's sanitarium so that unfortunate and destitute men, sick and friendless may be sent there to recuperate. The work continues it forms clearing house where it would build up worn out men from all over the world and make them again self-supporting. We are watching out for the man, without money, there are plenty in the world with money, but the poor man, whom every one is down upon, who has not a place to lay his head, not a friend and not a dollar—he is the man the Salvation Army wants."

Commander Booth Tucker addressed an enormous meeting in convention hall tonight. A trained choir of 1,000 voices sang.

DEPORTATION IS PREVENTED

TELLER COUNTY SHERIFF SENDS DEPUTIES TO GOLDFIELD FOR PROTECTION OF FOUR MEN WHO WERE THREATENED.

Special to the Gazette.

Goldfield, Sept. 27.—Considerable excitement prevails in this city tonight over the ordering out of four miners by citizens of the town last night.

It is reported that irresponsible persons visited the homes of T. H. Anderson, Michael Fitzgerald, Ike Lobbs and George Doran and with a flourish of guns gave the miners until tonight to get out of the district. Shortly after the men were notified, they in turn notified Sheriff Bell, who immediately sent three deputies to the town who were given orders that under no consideration must they allow anything of that nature to occur.

A committee of the miners's auxiliary waited upon the sheriff today for the purpose of finding out what stand the sheriff would take. The sheriff assured them that he and deputies in the town would see that no attempt at deportation

was [illegible] while [illegible] of the four men would be visited and violently forced out of the district, but up to midnight no disturbance had taken place.

SITUATION UNCHANGED AT TELLURIDE MILL

Yesterday passed without developing any new features of importance in the Telluride mill situation. It was stated by the attorneys, representing local creditors that there was nothing new to report. The federal officers are still in charge of the plant, and the attorneys are busy looking after the interests of creditors. The New York people still have their attorney on the ground here and several conferences have been held with a view to reaching an agreement as to the future operations of the plant. As the matter is now in the United States courts, it [illegible] by local creditors it is probable that nothing will be done except through that channel and until further action is taken by the court matters will remain about as they are.

EXPENSIVE LITIGATION OVER PAIR OF SHOES

Special to the Gazette.

Cripple Creek, Sept. 27.—A case involving the price of a pair of shoes was tried today in the county court on appeal from the justice court. The contestants were Al Hudson and Fred Miller.

The case has been in the local courts for many months, and while only involving such a small sum, the costs each of the contestants is 10 times the price. As in former trials, the jury today rendered a verdict in favor of Mr. Miller, the defendant.

PUNISHMENT FOR MURDERS IN MEXICO

SENTENCES PASSED ON PERSONS CONCERNED IN THE KILLING OF TWO AMERICANS.—LAWS PERMIT APPEAL.

Boston, [illegible] Way of Mexico City was informed today by Hon. John H. D. Pierce, third assistant secretary of state, that the Mexican authorities had passed sentences upon the persons concerned in the murder of Mr. Way's brother, Charles and Edward S. Latimer, another American citizen. The United States consul at Monterey reports to the state department that Francisco Gasro has been sentenced to death; Hermelo Torrez, the alcade of Agua Caliente de Ware, the town where the tragedy occurred, to six months imprisonment, and a fine of five hundred pesos and Pedro Carrasco to eight months imprisonment.

Messrs. Way and Latimer were killed on July 10.

Washington, Sept. 27.—It is probable that some time may elapse before the [illegible] imposed by the Mexican court of first instance upon the murderers of Way and Latimer has been put into effect. The laws of Mexico permit an appeal to be taken from the sentence of the court and doubtless counsel for the men implicated has already availed themselves of the privilege. The case may therefore be dragged through several tribunals before the verdict is confirmed and the sentence is executed.

REPUBLICAN CAMPAIGN IN TELLER COUNTY

Will Open With a Grand Rally in Cripple Creek Saturday to Be Addressed by Congressman H. M. Hogg.

Special to the Gazette.

Cripple Creek, Sept. 7.—The Republican campaign will open with a tournament of trumpets next Saturday night when Hon. Hal M. Hogg, United States congressman from the Second district of Colorado, will make a opening speech at the Cripple Creek opera house. The first announcement of an address by Representative Hogg is sufficient to guarantee a great attendance, for as an orator Mr. Hogg has few equals in Colorado.

Besides M. Hogg made his first appearance with the people of the Cripple Creek district, while a member of President Roosevelt's campaigning party in 1902 when the famous rough rider was a candidate for the vice presidency. It will be remembered that an attempt was made to assassinate Mr. Roosevelt during the early part of the day, but fortunately no harm came to make the fiend who perpetrated same. Following his a few minutes M. Hogg made a speech that won many votes for the Republican ticket in the then Democ-Populist-Federation community of Teller county.

A local campaign will start out under the banner of Americanism, good citizenship, and law and order and besides Mr. Hogg several local candidates for county offices will address the assemblage in brief speeches.

A new organization is being formed in the district and will be called the Teller County Miners Protective Law and Order league. Prominent local politicians have been placed in charge of the different cities and will open headquarters in their respective towns. The league, it is understood, is to be non-partisan and no active campaign will be started at first. It is being organized for the purpose of securing the re-election of Gov. J. H. Peabody and it is believed that most of the miners now employed in the camp will join the league.

KID M'COY WAS GIVEN DECISION

JACK TWIN M'COYAN DEFEATED IN THREE ROUNDS BOUT FIGHT AT LOS ANGELES—BIG CROWD PRESENT.

Los Angeles, Sept. 7.—Kid McCoy was given the decision over Jack Twin McCoyan of Australia in the eighth round of the fight which took place at the Vernon athletic club tonight. The fight was a fast one from the start and both men showed a knowledge of scientific boxing. McCoy was the aggressor throughout the fight and landed many times on his opponent's face and body, but the Australian took the punishment without a whimper. He was game to the last and at the end of the fight was still standing. McCoy showed the effects of the hard punishment he received and appeared to have the worst of the fight from the start.

The fight was the longest and hardest fought fight of any fight ever held in Los Angeles.

Charley White refereed the fight and his decision in favor of McCoy was satisfactory to everybody.

NEGRO IN RELIGION

Some Presbyterians Think He Should Be Kept Apart From Whites in Public Worship Houses.

Lynchburg, Va., Sept. 27.—Three presbyteries of the Presbyterian church in the United States, comprising the whole of Virginia, have practically decided that the negro must worship in separate churches from the whites. The presbyteries of Lynchburg, Roanoke and Winchester have taken this action, and it is understood that the presbyteries of Richmond and Norfolk will follow suit. The action of the presbyteries does not affect the relations of the negro churches to the general assembly, but it is understood that the negro churches will be encouraged to withdraw from the white churches and form a racial organization and it is believed this will be accomplished in time.

The Rev. Dr. Hart of Roanoke, chairman of the committee which reported the action, said: "The negro must be brought to a high standard if social conditions are to be improved. We must have a church of our own, controlled and conducted by our own people, and in which we can develop a racial character and it should be encouraged to do so."

SHOOT NEGROES

Fellow Alleged Before Day Club Members Who Were Acquitted Put Armed Guard.

Tyllerton, Ga., Sept. 27.—The negroes recently arraigned by the Court on the charge of being members of a "Before Day club," were followed by four or five white men to the block. About a mile from town the party met a negro boy named Jack Dyer, before whom they halted, and made him get in the buggy where one of the party took the negro's gun out. He is also reported to the effect that the negro was not among those leading members of the "Before Day club." No effort has been made to harm the negroes who were acquitted, but several of these have gone armed as a precaution against a surprise.

WEDDED ROYAL FAMILY MAID

Vienna, Sept. 28.—Another member of the imperial family has been declared insane by a medical commission. She is Archduke Leo Franz Josef, a nephew of the emperor, who recently was removed from his post of security commander in the Austrian capital. The medical experts have filed a report in which they assert that because of a tubercular affection of the lung he is suffering from dementia, and the emperor will probably consent to his removal to a sanitarium.

DEMOCRATS PLEDGE AGAINST BLUE LAWS

Indiana Democratic Convention Declares for Local Option.

Indianapolis, Ind., Sept. 28.—The Democratic convention here completed its work this afternoon by the adoption of a platform and the nomination of a state ticket. The platform pledges the party to the enactment of a local option law, and declares against the Sunday closing laws. The ticket nominated is headed by Thomas Taggart for governor.

WHITE MEN SEE THIBET'S MYSTERIES

LAMAS CATECHISED, BUDDHISTIC HOLY OF HOLIES ENTERED BY FOREIGNERS DURING RECENTLY EXPEDITIVE SERVICE.

London, Sept. 27.—A dispatch to the Daily Mail from Lhasa, Colonel Younghusband's force, says a striking description of a visit to the Buddhist cathedral there during the service. The correspondent says:

"The monks have extraordinarily deep, devotional voices, reaching deeper tones than any western bass. The voice of a thousand monks resembles the drone of a subterranean organ—a muscular, primitive—the voice of the earth god praying for release to the soul of the skies. In the same temple are three enormous statues of the Buddhist trinity, set with jewels from floor to roof.

"In the inner court, in the place we called 'hell,' were lamas who were shaking the demon protectors of the sacred Lama. The drums here were harsh and barbaric. On the palace roof on the right were clustering devil dances of appalling grotesqueness in the shape of monstrous demon beasts. The chanting effects in the temple were produced by a curious, guttural, rhythmic intonation and monotonous cadences for each verse. The sacred hall was filled with white robed, saffron-hatted lamas with their white aprons and bells. They are extraordinarily reverential, as on their first entering the temple they prostrate themselves at the entrance and crawl on their knees and elbows to the altar.

"As we watched from a platform at the side, a young acolyte looked up, and the monks and the whole temple, apparently, changed from a sleepy, drowsy calm to a state of high excitement and activity. Then, for the first time, we realized that we were watched, and that the monks were performing to impress us."

NATIONAL HEALTH BOARD

Commissioner Ludwig Would Place Sanitation Under Government Control.

St. Louis, Sept. 27.—At the joint Congress of Arts and Sciences a paper was read by Dr. Ludwig, commissioner of health of New York, who said: Doctor Ludwig is in Germany. The subject of the paper was "Public Health," and the author urged the creation of a national board of health. In discussing the subject Dr. Ludwig says:

"The extent to which commercial adulteration and substitution is now practiced would be absolutely incomprehensible to the layman. Competition of cheap has become so keen, and the principle of intensive cultivation is such in general, that the honest manufacturer has hardly a chance to succeed. The use of injurious preservatives has been practiced to a scandalous extent. The only remedy for this evil is compliance with the purpose and interpretation of a federal pure food law.

"Many the good opportunity is offered in a campaign against the vendor of patent medicines and secret nostrums. Few people understand the extent to which these agencies undermine the path to health and there has been little or no attempt to organize official control over their production and sale. These nostrums are of several kinds. Some of them are presumptions which have been commercialized by shrewd business men, with all the help of advertising and the knowledge of the remedy as a cure-all. Credible people, who seem to be legion, are led into the error of imagining that all diseases of the same general description will yield to the same remedy. They fail to recognize the important factor of idiosyncrasy, and the result is that also out of every ten persons using such a remedy are not helped, and may be injured in health, as they surely are in pocket.

"The remedy is official control. Makers of patent medicines, nostrums, pills, etc., should be required to place upon each bottle or packet the exact ingredients it contains, and should be prosecuted for any deviation which may be shown to be detrimental to the health of persons using the remedy, or designed to perpetrate upon them a commercial fraud."

LONG DISTANCE CHESS

Exponents of checkers play chess by correspondence, and there is a game now going on between a man in Canton, O., and another in Warsaw, Russia, that it will take several years to complete, each move being sent by postal card from one player to the other. Chess matches are of infrequent occurrence and many persons will remember the international game that took place some years ago between a team made up of members of Congress and one composed of members of the house of commons. During that contest, one move was cabled across the Atlantic and a reply received in forty-eight hours. And now that wireless telegraphy has become a feature of ocean crossings there are few days when some big liner is not exchanging a series of "moves" with a water ship.—The Ram for Chess Championship, Everybody's Magazine for October.

FRANK DANIELS

It's the Same Old Story—His Face is the "Whole Show," and You Can't Help Laughing.

Away over the Pennsylvania line, during the fifties Frank Daniels was the hit of the evening. Not at any time in the play was Frank Daniels not immensely in the show; it was the whole piece, and he kept up the fun from start to finish.

When it comes to fairly Frank Daniels is the real thing in the line of comedy. Long ago he set a standard in comic entertainment that comedians have ever since been trying to "live up to," but as yet they have never been able to attain the Daniels' fine realistic heart to heart touch with his audience. Daniels is always natural, and his methods are always original, and he keeps up the excellence of his comic reputation.

The offering that is among the up-to-date musical comedy is making quite a hit with a musical comedy. It has Harry B. Smith's name to vouch for it, and it does many of pretty acts to say that the music is made of it. They are a pair, and three girls and number among them 16 three sweet voices. "The Proper Way to Kiss," "Miss Maine O'Hooey" and "The Three of a Kind" are some of the hits that were very charming in the large audience last night.

Many kept up the audience was entertained by the water wagon stunt, and the show had a funny finish with Daniels as the hero.

"But, after all has been said, the quaint" about Daniels is his face.

It is real, be sure, and you must help laughing.

It seems that young Wheeler was working with a bottle which became overcharged and exploded, and a piece of it flew up and struck him in the eye. It was thought at first that he would lose the sight of the eye, but stated at a late hour last night that the eye would be saved, and that he was resting quietly.

CANNON CHANGES PARKER WITH MISQUOTING M'KINLEY.

Norfolk, Neb., Sept. 27.—Speaker Cannon finished a busy day in Nebraska with an address at Norfolk tonight. He took up the speech of Alton B. Parker's written at midnight and referring to it pointedly and openly charged the judge with prevarication in his quotation of McKinley's speech on reciprocity.

The speaker charged Judge Parker with deliberately omitting out the punctuation point made by McKinley in his Buffalo speech and expressed a hope that New York had "no more great lawyers who would deliberately pervert the language of a dead man's misrepresentation, after he said what he said."

GENERAL GRAND JURY INDICTS HELENA MEN.

Helena, Mont., Sept. 27.—Three indictments were returned by the federal grand jury today as the result of the "whitewashing commission" of the federal building last week when Secretary Cortelyou, Postmaster General Payne and Congressman Gillett, Fred C. Freeman of the Local United States district attorney's office was badly beaten by a number of assailants.

The indictments are against Former Mayor Edwards, former Chief of Police Travis and Norman Gundman. They are charged with assault in the third degree. The affair at the federal building was the outcome of political difficulties between Mr. Freeman and the others.

ERUPTION OF VESUVIUS HAS GREATLY DIMINISHED.

The authorities have relaxed the restrictions placed upon the public when the eruption was at its worst, and the people are permitted to ascend the mountain. The funicular railway, however, was so badly damaged by lava that three months will be required to repair it.

FOR GOVERNOR ADAMS.

EX-GOVERNOR ALVA ADAMS will speak in Colorado City tonight. It is the "opening gun" of this campaign, in order, therefore, that the people may be enlightened upon the views the Gazette suggests that he answer the following questions, every one of which is pertinent in this campaign and upon all of which Governor Peabody stands committed:

When called upon by the sheriff of El Paso county to send troops to Colorado City would you have sent them or not?

When called upon by the sheriff of Teller county to send troops into that county to aid in suppressing an insurrection would you have sent them or not?

In the event of rioting or other disturbances will you move truely into the disturbed districts upon call of the sheriff or will you convene the legislature to pass upon the question?

In the event that an entire district is terrorized, that mines are being dynamited, and peaceable working men are being shot upon sight, do you believe that martial law is the right thing or would you use the strong arm of the law to bring about order and safety?

These are live questions, Governor Adams. They have all been answered by Governor Peabody. You are Colorado is worse than Siberia, that the governor is a tyrant worse than czar, that it would be a black day for Colorado if Peabody is re-elected? The question then is, what would you do with the same state of affairs presented for executive consideration?

JUDGE PARKER AND PENSIONS.

THE view respecting the dependent pension law which was advanced by Judge Parker in his letter of acceptance is likely to get him into some difficulty. It arises from his lack of knowledge of public [illegible] of current legislation.

Already Speaker Cannon has taken up the challenge and is asking him a few questions from the stump. Judge Parker has declared that he would revoke President Roosevelt's order and would endeavor to have the same principle inserted in a bill to be passed by congress.

Speaker Cannon points out to Judge Parker that he would first be obliged to control the Democratic party of the house, whose members have always been hostile to pension legislation. The Ogden News calls the proposition [illegible] given by Congressman Cannon in support of his contention were as follows:

Democrats for the pension bills, 417; Democrats against the pension bills, 6[illegible]; Republicans for the bills, [illegible]; Republicans against the bills, none.

[illegible] that Judge Parker could have a hostile opinion [illegible] with in attempting to pass the service bill of which he speaks if he could intelligently form a [illegible] opinion.

There is a good deal of buncombe being preached upon the unconstitutionality of the president's order. The constitution provided that a veteran of the army of the United States, who was wholly or partially disabled should be entitled to a pension. Somebody has to decide when the disability existed. President Cleveland decided, by an executive order, that it was fair to presume a veteran was wholly unable to earn his living when he had reached the age of 75 years. This was a proper order which was never questioned, and [illegible] by the Democratic party.

President McKinley decided that it was fair to presume an old soldier at the age of 65 was at least half disabled.

President Roosevelt did was to reduce the age limit applying the presumption of partial disability at 62, instead of 65 years.

Just as the United States government retires its army and navy officers at the age of 64, it is proper to presume it may also retire individuals at 62. Judge Parker is therefore entitled to all the credit he can manufacture out of this issue. The Republican party will, however, stand upon its record and go before the people without making any excuses or apologies for its action.

THE SUNDAY REST CONGRESS.

THE announcement is to be made that Sunday Rest Congress is to be held in St. Louis October [illegible]. This will be an international congress [illegible] delegates have already declared their intention to be in the proposed proceedings by [illegible] to the general committee of arrangements.

[illegible] by the names of those who [illegible] and the [illegible] will be appointed [illegible] and John [illegible] will be [illegible] by the Democratic party.

[illegible] that Judge Parker should have a hostile opinion [illegible] with in attempting to pass the service bill of which he speaks if he could intelligently form a [illegible] opinion.

THE announcement is to be made that Sunday Rest Congress is to be held in St. Louis October [illegible]. This will be an international congress [illegible] delegates have already declared their intention to be in the proposed proceedings by [illegible] to the general committee of arrangements.

All broad-minded, aggressive men should seal their [illegible] with the stamp of their approval and be open to the suggestions of the congress.

The St. Louis fair should take a leaf from the book of Coney Island, which has just closed its gates with a record of [illegible]. It is very evident that there are still a goodly number of persons who are prone to say "Little old Coney is good enough for me."

The report from New York that a merger of the Union Pacific and Santa Fe corporations is on foot, headed by the Rockefellers, is interesting, if true. It would be a combination so gigantic that all others would fade into insignificance.

Grover Cleveland is expected to make a speech or two in the campaign in behalf of Parker. A joint debate between the ex-leader of Democracy represented by Bryan and Cleveland would be an event that would be worth going miles to see.

The attendance at the St. Louis fair grows better as fall approaches. Despite the flattering notices sent out concerning St. Louis as a summer resort a good many people evidently were unbelievers.

The judge has got the New York habit on him and runs down from Esopus every few days now to talk it [illegible] with Vice Chairman Gorman.

IN THE PHILIPPINES.

Our [illegible] in the Philippines greatly strengthens our position in the competition for the trade of the east, but we are [illegible] to the Philippines in the interest of the Philippine people themselves. We have already given them a large share in their government, and our purpose is to [illegible] this share as rapidly as they give evidence of increasing fitness for the task. The great majority of the officials of the islands, whether elective or appointive, are already native Filipinos. We are now providing for a legislative assembly. This is the first step to be taken in the future; and it would be foolishly unwise to declare what our next step will be until the first step has been taken and the results are manifest. To have gone faster than we have already gone in giving the Islanders a constantly increasing measure of self-government would have been a mistake.—President Roosevelt.

THE COLONEL'S PREDICAMENT.

A Kentucky colonel, who is every other way shrewd, is employed at his Hoosier cronies about his eye as he rubs his glass to his eye. As this is the way children are usually advised to take awkward incidents, his friends wondered that the colonel should show such an aversion to looking at the love age that all the rest of Kentucky likes to gaze at more than to taste. Some one asked him at last why he always kept his eyes. He replied: "Afraid if Ah looked at it mah mouth would watch and there she would."—New York Tribune.

FINISHING THE HORSE.

Little Virgil Markham was taken by his sister past the blacksmith's shop in West New Brighton. It was his first glimpse of the workings of the smithy's art, and he stood fascinated as a horse was being shod. When he reached home he ran to his father and said, "I saw the man who makes horses today."

"Do you, my dear?" said Edwin Markham, wonderingly. "What, exactly?"

"No, mother," said the boy, impatiently, "only my live horse. I looked in his little house and saw him doing it. He had one nearly finished when I peeped in, he was just nailing on its last foot."—Exchange.

WHO IS THE BEST MAN?

Congressman Wood, of Maryland, recently told of a dispute on matters political between an Irishman of Baltimore and a friend from Montgomery county. During the course of their somewhat heated argument the Irishman announced with considerable emphasis that he would never vote any save the Democratic ticket.

"I'm glad to say that I'am no such hide-bound partisan as you," said the Montgomery county man. "I make it a rule to vote for the best man, no matter what his party is."

"Then be God, I'm sure you thought you'd have Taft and Fairbanks on a crazy ice," exclaimed the Irishman. "I'm glad I know it. Now are you going to tell me is the best man all the votes are counted?"—Exchange.

DODGED THE BLOW.

Bishop Henry C. Potter tells a story of a clergyman not [illegible] who addressed a Sunday school class. After a short discourse he would go by saying in a very paternal and condescending way:

"And now is there a nice little boy or a nice little girl who would like to ask a question?"

Getting no response, he repeated his query, and then a [illegible] piping treble voice in the rear of the room called out:

"Please, sir, what did the apostle Paul preach about [illegible] because people [illegible] when they had sinned?"

"Ah—yes—I see," said the perplexed teacher. "And now, is there a nice little boy or girl who would like to answer little Mary's question?"—Omaha Bee.

GRANT FINED FOR ASSAULT

MUSICIAN PLEADED GUILTY TO BEATING FOLGER AND JUSTICE RUBY ASSESSED COST AT $27.15.

John F. Grant, the musician and violinist, who was charged with assaulting on eighteen-year-old youth named Folger, yesterday pleaded guilty before Justice Ruby and was fined $5 and costs, the total amount being $27.15. The sum was paid and Mr. Grant went free.

Mr. and Mrs. Folger, father and mother of the boy, testified in court that they did not consider Mr. Grant too severe in the punishment he administered, and both said that Mr. Grant had been given charge of the youngsters after and was practically the same relation towards the boys as would a father. Justice Ruby declared that if the father himself had so chastised the boy, he would have to declare him guilty of assault, and could have to fine him for it.

The boy's bruised face was placed in evidence as was also his limbs and body.

Little interested was Mr. Folger with whom here from Chatham, to take charge of his son, left to take the lad east with him.

"BOB" WOMACK IS NOW IMPROVING

CONDITION OF THE OLD PROSPECTOR MORE ENCOURAGING, BUT RECOVERY IS STILL UNCERTAIN.

Bob Womack, the father of Cripple Creek, who has been evidently ill for several weeks, is much better than at any time since he began to fail.

Recovery is still uncertain, however, and whether the old prospector will ever gain the use of his paralyzed limbs cannot be told. He still suffers a great deal.

The news that he is at least some improved will be welcome news to his host of friends who for two months have watched with anxiety his fighting for the last two months.

CURE FOR SICK HEADACHE.

We have letter the other day from a lady in the town of Hooker, Okla., that should be of interest to people who are troubled with attacks of sick headache. She writes that she had these spells about four times a week, was obliged to go to bed and remain there from 8 to 30 hours each time. Had been troubled this way for several years, and the attacks became more frequent. Doctors did her no good, nor even getting relief from what she said it was from her stomach. Seeing an advertisement of Dr. Caldwell's Improved Liver Pills, which said they cure sick headache by removing the cause, she decided to try some more, and sent 50c for one box. She said she had taken the last pill from the box a months ago, has not had a sick spell of any kind for over 3 months. Druggists sell these pills for 50c per box. It only takes one for a dose. They cure sick headache every time. For sale by Hefley-Arcularius Drug company.

WILL PROBABLY ANNEX THE SHELDON TRACT

Colorado Springs will probably annex the tract of land known as Sheldon place and will immediately run a street through for the benefit of west side residents. The matter will come up at a special meeting of the city council to be held October 17 under a call issued by City Clerk MacMillan. An appropriation for the street through this land was made last fall, but the city has no authority to use city money for a street outside the city limits, but the construction of this street will be a big advantage to quite a large number of residents of Colorado Springs whose homes are on the west side.

DEFENSE CLAIMS GUN WENT OFF AS RESULT OF ACCIDENT

Trial of Marshall Ends Today---Says Gun Was in His Hand But That He Did Not Fire it Deliberately at Baxter.

Testimony in the case of the people vs. Sam Marshall, Jr., was concluded in the district court yesterday evening at 5:30 when the state finished the cross-examination of the defendant.

At 9 o'clock this morning Judge Seeds will give his instructions to the jury and the arguments will follow. Each side is allowed an hour and a half for argument.

The feature of the trial which came as a surprise yesterday was the ruling out of the testimony of the police officers in regard to a confession made by Marshall under pressure. Judge Seeds ruled that a police officer has no right to offer inducements or make threats in order to get a confession. He took the position that a police officer is not a court of trial and should not try the case before it comes properly before a court. This position, it is said, has previously been taken by the state supreme court.

Marshall's defense is that the revolver was discharged accidentally. He testified yesterday that the gun was discharged while in his hand during a scuffle with Baxter when Baxter had his arm around Marshall's neck and was reaching for Marshall's right arm with his left hand.

Marshall testified that he was with Mrs. Lemmon, Fred, and Mrs. Lemmon's sister in North park and was sprawling on the grass near the two ladies when Baxter passed them. Mrs. Lemmon called his attention to a remark made by Baxter as he passed and later said: "There's the boy that made the remark," or words to that effect. Marshall says he jumped up and called to Baxter and asked him what he had said. Baxter did not answer. Marshall says he asked Baxter a second time what it was he had said, but Baxter replied: "Go back and lay down." Baxter started to walk towards Marshall, according to Marshall's testimony, and asked Marshall if he was looking for trouble to which Marshall said: "No, I am not. I want to know what it was you said." Marshall says Baxter then started to pull off his coat and he put his hand on his hip pocket, where there was a gun and just then Baxter grabbed him around the neck with his arm and grabbed for Marshall's right hand with his left. The gun was drawn from the pocket and was in Marshall's hand, and [illegible] was discharged in some way. How it was discharged Marshall says he does not know. He says he did not point it at Baxter.

Baxter's testimony was along the same line, except that he swore that Marshall pointed the gun at him and fired.

The case will go to the jury shortly after noon today.

CHIEF CLERK URICH RESIGNS TO ENGAGE IN BUSINESS IN DENVER

J. C. Urich, chief clerk in the superintendent's office of the Rock Island road, has tendered his resignation which has been accepted. His position here will be filled by Chief Moore, formerly connected with the superintendent's office of the Denver and Rio Grande at Pueblo. The change goes into effect today.

Although he has only been connected with the Rock Island in Colorado for a year, Mr. Urich is regarded by all of his associates as one of the most capable and efficient railroad men in the service. Several months ago, when the Rock Island had its offices at Goodland, Kan., the entire force got their positions at the busiest time of the month. Mr. Urich was at once summoned from Chicago and placed in charge with a new force, which was organized by him. The superintendent's offices were later moved to Colorado Springs.

Mr. Urich goes to Denver, [illegible] where it is probable that he will engage in the insurance business.

E. E. Wolcott, who has been chief dispatcher with the Rock Island for several years at Goodland, has tendered his resignation to take effect October 1. As yet his successor has not been named.

PIONEER HAS PASSED BEYOND

HENRY A. WAGNER DIED YESTERDAY AFTER OVER 30 YEARS RESIDENCE IN THIS CITY.

Henry A. Wagner, one of the earliest residents of Colorado Springs, passed away at his residence on North Nevada avenue yesterday morning as a result of a combination of diseases and general weakness due to old age.

Mr. Wagner had been in the employ of the El Paso National bank for many years. He came to this city in the early '70s and first engaged in the banking business in 1872 in this city. He was 69 years and nine months old. His brother was one of the first mayors of this city. Mr. Wagner enjoyed the friendship and high esteem of a very large circle of friends, especially among the old residents and their children. He was faithful to all trusts imposed in him, a man of excellent character and habits, a man genial and hearty in personal life and one worthy to be called a good citizen.

His remains will be laid at rest in Evergreen cemetery tomorrow, the services being conducted from Grace Episcopal church at 10:45 in the morning. He was a regular communicant of this church and Rev. Benjamin Brewster, his pastor, will officiate at the funeral. Interment at Evergreen will be private.

Mr. Wagner leaves his widow and daughter to mourn his end and many friends join in extending heartfelt sympathy to them.

WIFE RECITES A POLITICAL SPAT

MRS. SUSAN E. GROOM CHARGES HUSBAND WITH CRUELTY AND ASKS THAT SHE BE GRANTED DIVORCE.

Sarah E. Groom yesterday brought suit against William J. Groom for divorce.

Mrs. Groom accuses her husband of repeated acts of cruelty. She alleges that one month after their marriage, 11 years ago, they got into a dispute over political matters and he abused her then, both physically as well as by the use of insulting and cheering words. She charges that on several occasions he has seized her and held her while he inflicted physical wounds upon her, at all such times using language which wounded her mentally.

She asks the court to order her $10 a month temporary alimony and $20 a month permanent alimony and also asks for $50 for an attorney and $25 for court costs.

ACTION TO PREVENT BIG CONSOLIDATION

John T. Milliken Asks for Injunction Against the Findley Stockholders---Charges of Fraud and Conspiracy Made.

The delivered suit of the minority stockholders of the Findley Gold Mining company to dissolve the board of directors of that company and the Valley City Mining company was filed yesterday afternoon and contains allegations of fraud and conspiracy to defraud.

The court is asked to enjoin the majority stockholders from voting 75,000 shares of stock which is in the hands and names of brokers in this city who, they allege, do not own it and do not know the holders.

The court is further asked to enjoin the defendants from voting any stock issued in consolidation of the Findley and Valley City companies until the minority stockholders have an opportunity of inspecting the condition of the two companies and their properties.

The suit is entitled John T. Milliken, Frances J. Hodges, J. Howard Lewis, Jr., Frederick W. Dean, H. Bellamy, et al., vs. the Findley Gold Mining company, A. E. Carlton, L. C. Murphy, J. H. Hobbs, J. J. Kay, Clarence Powell, J. S. Tucker, P. L. Bullard and the Valley City Mining company.

Discovery of Ore Bodies.

It is alleged in the complaint that A. E. Carlton, L. C. Carlton, E. C. Newcomb and J. S. Murphy drove the Findley tunnel to a depth of 1,400 feet into the Valley City property which adjoins the Findley and that on finding what they supposed were extensive ore bodies these four secretly bought up the Valley City stock. It is stated that the four continued to work the Valley City through the Findley shaft, and, feeling sure that they found that the ore bodies were not extensive as at first thought, they took steps completed to consolidate the two companies on a basis of three and three quarters.

It is charged that in buying the Valley City property the four named headed the company to the First National bank of Colorado Springs for $85,000 and took $50,000 out of the treasury of the Findley company in order to make up the $75,000 necessary to buy the two and one-half acres owned by the Valley City.

Bonds to Cripple Creek.

The complaint also charges that the important items of the Findley company have also not been kept at the company's office in this city but are kept at the First National bank of Cripple Creek, under the direct surveillance of A. E. Carlton.

It is further alleged that the Findley company issued large bonds at the bank mentioned but is drawing an interest from that bank whereas other banks offer to pay interest on the money. The court is asked to order a transfer of this money.

The minority stockholders charge in their action that the defendants have prevented them from making an examination of the properties of the companies proposed to be consolidated.

Through Findley Workings.

It is further alleged that the Valley City company is running tunnels through the Findley and both companies are using the Findley shaft and that the Valley City is not paying out what it owes the Findley for the use of the shaft and the operations carried on through the Findley workings.

It is claimed that the defendants have sold or will sell to others than the stockholders of the company subscriptions to the stock of the Valley City. It is claimed that the Valley City is in debt while the Findley has $125,000 in the treasury, that the Findley has not been placed on the market, so to speak, while the owners of the Valley City only paid $75,000 for the property. These facts, the complaint believes, have not been placed before the stockholders of the company but figures have been secured under misrepresentation.

To Prevent Consolidation.

It requires 87,501 shares of stock to make the consolidation a go, and the suit brought yesterday is a protest of the minority holders, who will have this stock through the alleged fraudulent scheme. Upon voting the stock until tomorrow morning the minority stockholders can have the facts set before them. It is charged that Messrs. Edell, Key, Hollins, Tucker and Bullard are directors of the Findley but that they do not own stock in their own right, but are simply acting as agents for the others.

Judge Cunningham will hear arguments on the injunctive pleas Friday.

THE COLORADO SPRINGS MINING STOCK EXCHANGE

A general tone of health prevades the mining stock market yesterday. Bullion and El Paso both rallied above the previous day's figures, as did also Isabella and Gold Dollar. Elkton sold at 90c, a gain of the fraction, and Findley and Anchor were stable at the closing sale before. Mollie Gibson appeared on the board after a cessation of some weeks, and sold at 6 cents. Lexington, C. K. & N. and Cripple Creek Consolidated sold flat at 2 1-2, 43½ and 5½, respectively.

The prospects were generally stationary. Dunkirk sold at 1½ and Creede and Cripple Creek at 3 cents. Marquette at 7½ and Mary D. at 6½.

Trail Gulch was again the feature of the miscellaneous list with 47,000 sales at 1½ per thousand. Anchor, Star and Key brought the total sales for the department up to 61,000. The total sales for the day amounted to 93,100 shares. Morgenthau Barney, 25,000.

ACTIVITY AND BROAD DEMAND

AVERAGE LEVEL OF PRICES IN NEW YORK STOCK MARKET WAS RAISED STILL FURTHER BUT CLOSE WAS HEAVY.

New York, Sept. 27.—Another day of broad and active demand for stocks was experienced at the stock exchange today, still further the average level of prices. The movement showed some variety and irregularity, the market proceeding with occasional small reactions. The selling was of a character which made the impression of continuous and was called "good," which in stock exchange parlance means that it is going to come from sources presumably well informed either on the public upon regarding promotion on the plans of campaign of large speculative operations or from some similar source qualified to judge wisely of the outlook for values in the market. But the selling however well informed and impressive was well absorbed and was not allowed seriously to affect the rising tendency of prices. This fact proved even more impressive to the sentiment of the market than the supposed good character of the selling.

Union Pacific and U. S. Steel preferred were conspicuously strong and active and these two stocks so representative of general conditions and dependent upon widespread interest, no doubt, had a large influence in determining the general tone of the market by their sympathetic strength exerted. The advocates of higher prices also enjoyed another day of almost complete immunity from disturbing factors in the day's news. A sharp advance in foreign securities on the curb on buying sought to be for London account was one of the features of the day.

The buying of U. S. Steel preferred was accompanied by the publication of estimates of the earnings of the corporation for the current month. These estimates were without any official or responsible authority. There were variations running to a point in some of the leaders before the day closed and the closing was heavy.

Bonds were firm. Total sales, par value, $5,535,000.

HIGHER PRICES FOR CASH WHEAT

AN IMPORTANT AID IN BUOYING UP SPECULATIVE PRICE IN CHICAGO—THE CLOSE WAS STRONG.

Chicago, Sept. 27.—At the opening the wheat market showed signs of weakness. The main factor affecting the situation at the start was a decline in foreign markets. A number of traders were said also to be short of the day of yesterday purchases freely early in the day. There was also considerable buying on reductions of wet weather in the Northwest. However, the most noticeable feature of trading and the one that apparently had the greatest influence in creating a strong undertone was heavy purchases of May by a leader of the bull crowd. Slight recessions were made on profit taking but the general trend of values was toward higher levels. Subsequent during the latter part of the session was quite active. Primary receipts were much smaller than a year ago. Aside from liberal profits on the reduction in winter shipments from Australia and Argentina in the near future the chief factor in the bullish sentiment was the estimate that the exportable surplus from those countries was practically exhausted. Bigger prices for cash wheat in all markets of the United States was an important fact in buying by speculative interests. The final point of the day was reached at 103c, closing strong at that figure, 1½@2c higher. May closed 1½@2c higher at 103½.

Little was inclined to be bullish but the strength of wheat held corn steady. December closed with a gain of ½@¾c.

Oats were weak on a rising volume of business. December closed ½ lower at 32½.

Provisions were steady on small receipts of hogs and firm prices at the yards. January pork closed 5 lower, but up to the last ribs were unchanged.

The leading futures ranged as follows:
